

Leverage NASPO ValuePoint Purchasing Power

Save on Cisco, EMC, HP Enterprise, Palo Alto Networks, Pure Storage products and Cloud Solutions

Budgets are tight, and getting tighter. You're being asked to do more with less time, staff, and resources. It's important to make quick, informed decisions – the kind of decisions that reflect well on you and your organization.

The good news: when you need to purchase Cisco, EMC, HP Enterprise, Palo Alto Networks, Pure Storage products and Cloud Solutions, Quest can help.

NASPO ValuePoint for Government & Education

NASPO ValuePoint for Government & Education provides the highest standard of excellence in public cooperative contracting by leveraging the leadership and expertise of all states with the purchasing power of their public entities. NASPO ValuePoint delivers best value, reliable, competitively sourced contracts in a streamlined process.

Discover new confidence in business technology with Quest

Quest is NASPO ValuePoint-approved for products for state and local governments, but educational institutions can take advantage of these Master Agreements as well to purchase Cisco, EMC, HP Enterprise, Palo Alto Networks, Pure Storage products and Cloud Solutions. As an authorized NASPO ValuePoint vendor, Quest provides school districts and state, local, and county government clients with the security of pre-approved pricing and years of technology experience.

Quest holds NASPO ValuePoint contract AR2505 for SaaS solutions. Contact us if there is a SaaS requirement you need and we can help with procurement.
